MEETING AT MOUNT VERNON .- At a meeting of the residents of the village of Mount Verson, held on Saturday evening, Oct. 1, GRONGE W. COOPER, Chairman, and AMEI HILL, Secretary,

Oct. I. George W. Cooper, Chairmen, and Arez Hill., Secretary, a Commistee, consisting of P. L. McChelan, Ecsewer S. Manniso and Arez Hill. were appointed by the meeting to draft a preamble and resolutions in reply to an article in The New-York Tribune of the Th thi, existing "Brutal Outrage,"

The following were reported and unanimously adopted:

Wherea, an article appeared in The New-York Tribune of the 7th, existing "Brutal Outrage," wherein the resolution of Monat Verson are impliested in an afray between Crandall Rich and Roset Craighead of the village of Eastches et an event which we design to prove and charged with consisting at an existing in additional and an attempt is also me to this et he reputation of our village by warning "all persons we of are not devotees of Alcohol to "world" our depot in neeforth unless fully armed." Therefore, Rosered, that so far as regards the cause of each affray, we have asking to do in the matter; but we repet the imputation that persons are indead and an admittage at our Depot, as we as a judice of our personal reputation as individuals, and collectively of our houser as a straige, and would not for a moment counternance any violation of law or order, or any who in any way would endanger the peace or anisety of any individual or the good order of sectivity. And further, we picker to need to be a superson or persons need from moistation, at most vernor had aught to do with the affay, as all the a tors were residents of Eastchester, and outs do the Minits of our village. And the Effort of Tex New Low Forks had anythe to owth the affay, as all the a tors were residents of Eastchester, and outs do the Minits of our village. And that the Effort of Tex New Low Forks had been a fasted by the meeting.

And Hills, See'y. GEORGE W. COOPER, Chairman.

publish the proceedings of this meeting.

AMEI Hill, Sec'y. GEORGE W. COOPER. Chairman. Remarks

We are rather unwilling to strip the hides off of these gen-Genen. but, since they insist on it, we shall undertake the disagreeable task, and do it thoroughly.

They do not deny one material assertion in our former

article. They tacitly admit that Mr. Craighead, as respectable and inoflensive a citizen as lives within ten miles of Mount Vernon, was set upon by a ruffian as he with his wife got out of the cars at that depot and beaten with a cewhide until his face was gashed and bloody his brain stunned and his mind bewildered-beaten to the earth and beaten on the earth-while Mrs. Craighead was appealing to the bystanders to take off the brute who was mangling her husband. They do not deny that Mr. Craighead was taken by surprise in the dusk, while his hands were so filled with packages that he could make no effective resistance. and when he had no suspicion that any person living har bored malice against him or wished to do him harm. They do not deny that this villainy was accom-plished without any show of resistance or remonstrance on the part of the half-dozen or more of men who were witnesses and virtual accomplices of the outrage. Then what does their denial amount to? Suppose all those who actively promoted the crime were brought for that use from a distance of a mile or so-how does that prove that the residents of Mount Vernon who live near the depot and were within a stone's throw of the criminal and his victim did their duty in the premises! How does a prove that the next man who, through malicious tale bearing. neurs the resentment of some ruffian, may not be abused as savagely at that depot as Mr. Craighead was, and with as little resistance on the part of the bystanders ! Who can kel sure that his respectability—as gauged by the Rummies of Mount Vernon—will be adequate to his exemp-

non-man outrage!

We believe a can be proved that Rich had been watching for Mr. Craighed about the depot and in the adjacent groggery for half an hour previous to the outrage, and that several residents of Mount Vernon were perfectly aware that an assault was meditated. We are informed that Rich has threatened others with personal violence on similar grounds to those which excited him against Craighead—that one of those he thus threatened is a Methodist clergyman who had prayed for his sick wife in terms which did not please him. And we know that a peaceable citizen of Mount Vernon was threatened with personal violence at that depot by an adjacent runseller a few mornings before the attack on Mr. Craighead, because said citizen had made some remarks in a Temperance Meeting the night before which the runseller did not relish. This we know; for we were present a moment after. And we now advise the People of Mount Vernou to choose whether they will live under the dominion of Law or that of Rum. One or the other must give way .- Ed.

MONDAY, Oct. 3-P. M.

There was rather an active Stock market this morning. and an upward movement in quotations. Erie exhibited the and an upward movement in quotations. Erie exhibited the most buoyancy, and the sales of the day were 3,500 Shares, closing at 80½ bid, an improvement of 2½ \$\Psi\$ cent. This was partly the result of the foreign news, which was considered to be, on the whole, favorable, and partly the result of the advance in fares. Hudson River advanced \$\frac{1}{2}\$ P cent. Harlem, \$\frac{1}{2}\$. Reading, \$\frac{1}{2}\$, &c. Nicaragua was steady at 24\$, an improvement of \$\frac{1}{2}\$ P cent. The Coal Shares were in fair demand, but without material change. Mining Stocks were quiet. In Railroad Bonds the business is small. Government Stocks were sustained, with sales \$37,000 Sixes, 1860, 125j.

The business in Exchange is moderate, but the rates are firm at 2@9½ for Stirling, with some drawers asking 10 premium. The supply of outside bills is rather increasing. France are 5.13@5.12j.

The upward movement in Freights continues, with a good deal of wenders, offering. The supprements to Live

good deal of produce offering. The engagements to Liverpool are 35,000 or 40,000 bashels Wheat at 122 121d with 13d asked: 500 or 600 bbls. Floar, 3/3, both showing an advance. To London 10,000 bushels Wheat 15d.; 1,500 bbls. Flour. 4). To Glasgow, 800 bbla Resin, 3/7; 50 tuns Ou Cake, 37/6. To Boulogne a full cargo Flour was taken at \$1 P bbl. To Havre some Flour at 75c, and to Antwerp 10,000 bushels Wheat at 10d. To Califorinia the clipper rates is 50 ar 60c.

The bark Isla de Cuba 390 tuns was sold for \$8,000. The receipts at the Sub Treasury are \$142,741 Payments, \$88,218 Balance, \$9,780,920.

The advices per Baltic have produced considerable excito-

ment in the Breadstuff market. The transactions are large. especially for future delivery, and a further advance has been realized of 25c. P bbl. for Flour, and 2 or 3c. P bush for Wheat. Freights have also further advanced 3c. P bush for Wheat, and 124c, for Flour.

The market for money on call is quite easy at 7 P cent.

Paper goes at 9 2 12 V cent. The West is not drawing as it

was and the balances here are again increasing.

The foreign letters are more cheerful in their tone than they have been for some time past. The prospect for new American Securities was not favorable, but there was a gradual absorption of those on the market. A high financial authority in London pred cts a favorable change in Money matters within six weeks; and another, perhaps the highest financial authority in France, says distinctly "there" will be no war." The Paris letters are especially hopeful. The Australian shipments were one of the main causes of the activity of Money in London, and these, it was anticipated, would soon cease. It was supposed that many fallures would be caused by the excessive and injudicious ship pents to that country.

The Commerce of this port for September shows a large
